Profile

Highly experienced Software Engineer with a 10 year track record in developing robust software and web applications. Proficient in a wide stack including Microsoft technologies **(Dotnet, NetCore, SQL Server)**, a broad range of JavaScript tools **(Node.js, Express.js, Angular, React, Next.js, Nest.js)**, and leveraging cloud platforms **(AWS, Azure)**. My experience spans multiple industries, equipping me with the skills to address diverse business challenges and deliver optimal technological outcomes. I am committed to knowledge sharing and fostering best practices in technology utilization within a team.

Skills

HTML · Dotnet (C#) · NetCore (C#) · Javascript · Typescript · Python · Flask · Node · React · Redux

MVC 5 · Next.js · Nest.js · Express.js · GraphQL (NetCore) · AWS RDS · AWS DMS · AWS SQS

AWS S3 · AWS DynamoDB · AWS Lambda · Bootstrap · Material · CSS/SCSS · Azure SQL Database

SQL Server · PostgreSQL · OracleSQL · Scrum · Git · GitHub · GitFlow · CI/CD · Jenkins Pipeline

Sonarqube · Jest · Jasmine · Xunit · Nunit · MsTest

Work Experience

Software Engineer Pentavida
📅 June 2023 - June 2025   📍 Hybrid

- DevOps activities **(ci/cd pipeline configuration, legacy systems configuration and deployment)**
- Software Architecture solution development for develop teams
- Frontend development (**Angular 17 y 18**, **MVC4**, **Bootstrap**)
- Backend development **(Net4.8, Net8, Python)**
- Data modeling and databases support **(PostgreSQL, SQL server)**
- Provide support to company systems
- DevOps using **Git (on premise, gitflow)** and **Jenkins**
- Hybrid methodology using Kanban table and some scrum ceremonies(4 members team)

FullStack Developer TOCTOC.com
📅 October 2020 - February 2023   📍 Remote

- Frontend development **(React, Next.js, MVC4, Bootstrap, SCSS)**

- Backend development **(Dotnet, Nest.js, express.js, aws lambda, serveless python)**
- Data modeling and databases support **(PostgreSQL, SQL server, aws RDS, aws DMS)**
- Chapter Lead of Scrum Chapter
- DevOps using **Github (actions, gitflow)** and **Docker**
- Scrum methodology (5 members team in 2 weeks sprints setup)

Software Engineer CitiGroup Latam | Kibernum   📅 June 2020 - October 2020   📍 Remote

- Provide support to company legacy systems **(Dotnet, Winforms, MVC4)**
- DevOps using **Bitbucket**
- Scrum methodology (3 members team in 2 weeks sprints setup)

Software Engineer Brinks Chile | Xinerlink   📅 September 2019 - February 2020   📍 On-site

- Libraries development **(Dotnet)**
- Electronic devices Setup and Integration
- FullStack development **(Dotnet, MVC4, WinForms, Bootstrap, SQL Server)**
- Scrum methodology (4 members team in 2 weeks sprints setup)

Developer SMU S.A. | Trebol-IT   📅 April 2019 - June 2019   📍 On-site

- Maintenance and support to company systems **(SQL server, WCF, Dotnet API REST)**
- DevOps using **Jenkins**
- Waterfall methodology

FullStack Developer E-Cert Chile | Kibernum   📅 January 2019 - March 2019   📍 On-site

- FullStack development **(Dotnet, MVC4, Jquery, Bootstrap, SQL Server)**
- Data modeling and databases support **(SQL server)**
- Scrum methodology (5 members team in 2 weeks sprints setup)

Developer Servicio Agrícola y Ganadero | Connectis   📅 September 2018 - Dicember 2018   📍 On-site

- Maintenance and support to company systems **(Dotnet, SQL server, Jquery)**
- Data modeling and databases support **(SQL server)**
- ITIL methodology for Service Desk (4 members team)

FullStack Developer Anticipa   📅 November 2017 - September 2018   📍 On-site

- FullStack development **(Dotnet, MVC4, WCF, Jquery, JS, Bootstrap, CSS, SQL Server)**
- Proyect Manager support
- Multiple clients Outsourcing
- Business process management (BPM)
- Waterfall methodology

Developer Ministerio de Vivienda y Urbanismo | Emergya Chile   📅 Dicember 2016 - Agust 2017   📍 On-site

- FullStack development **(Dotnet, MVC4, WCF, Jquery, JS, Bootstrap, CSS, SQL Server)**
- Proyect Manager support
- Waterfall methodology

Developer I2D Ingeniería   📅 June 2015 - Agust 2015   📍 Remote

- FullStack development **(Dotnet, MVC4, Oracle SQL)**
- Libraries development **(Dotnet)**
- Electronic devices Setup and Integration
- Waterfall methodology

Certifications

Microsoft Certified Azure Data Fundamentals - Microsoft Learn   📅 2023

Curso Inglés Intermedio Para Interacciones Laborales - Curso 2 - Pontificia Universidad Católica de Chile   📅 2023

Education

Ingeniero en Informática - Duoc UC   📅 2017

Analista Programador Computacional - Duoc UC   📅 2015

Languages

Inglés - B2 | Pontificia Universidad Católica de Chile
